

QTEK Launches New Splice Products:

QTEK Splice Clip and Tape & QTEK Splice Station

Tom O'Brien, Operations Manager of QTEK Manufacturing Ltd., the leading supplier of consumables for electronics manufacturing and associated industries today announced the launch of two new revolutionary QTEK Products: The **QTEK Splice Clip and Tape**, and the **QTEK Splice Station**, which will both be formally launched at the Productronica Exhibition in Munich next week.

QTEK SPLICE CLIP AND TAPE

The QTEK Splice Clip and Tape is an innovative easy to use, labour-saving development, which ensures an accurate and reliable connection when attaching new and used reels in the electronic manufacturing industry.

The single operation combines both the clip and splice tape on the one piece, eliminating the awkward handling problems commonly associated with the splicing process. QTEK Splice Clip and Tape is guaranteed to increase a company's productivity, with excellent joints each and every time.

QTEK SPLICE STATION

The QTEK Splice Station is an all-in-one original solution to all your splicing needs. The QTEK Splice Station includes all the necessities to attach a new and old reel in the electronic manufacturing industry, in a solid portable trolley. The QTEK Splice Station, is easily assembled, its unique

features include a QTEK Splice Tool with placement pins for increased accuracy, a handheld QTEK Splice Scissors, and an axle to hold the new reel, all encompassed in a compact, mobile design, which is entirely ESD safe.

QTEK was formed in 1997, and is a manufacturer of consumables for the electronics manufacturing and associated industries. With headquarters in Galway, Ireland, and another manufacturing plant in Mexico, QTEK has established an extensive network of distributors throughout Europe, The Far East, Australia and North America and provides a focussed range of quality products designed to improve manufacturing efficiencies and guarantee product quality. QTEK's unique strength lies in its production of quality goods, which have proven themselves through use in leading edge companies with exacting standards.

Both the QTEK Splice Clip and Tape and the QTEK Splice Station, will be demonstrated at the Productronica Exhibition, in Hall A5, Stand 110. For further information and live demonstrations of both products, please come along to the stand, visit www.qtek.com or e-mail info@qtek.ie.
