QTEK Bench Clean

Solvent For Removal Of Dust, Spills, Solvents Oils and Industrial Contaminants.

Range of Applications

QTEK Bench Clean has been specifically developed to meet the demanding precision cleaning needs of high technology industries. It has proven to be effective in removing dust, spills, solvents, oils and industrial contaminants. QTEK Bench Clean is ideal where sterile conditions are required, and ensures work surfaces are kept free of impurities. QTEK Bench Clean is available as a cleaning chemistry or as an ESD dissipative pre-saturated wipe.

Product Features

- Powerful cleaner versatile with metals, plastics and glass
- Low surface tension allows for excellent wetting and penetration into constricted areas
- Rapid drying leaving no residue
- Worker/Environment friendly with low odour and no ozone depleting substances.
- Available and applicable in fluid or wipe form

Chemical Composition

QTEK Bench Clean is an alcohol-based product, which is free of CFCs and ozone depleting substances. The ultra-pure materials used in QTEK Bench Clean provide superior solvency, good wetting, and dispersing characteristics.

Product Features

| | | | |
|-----------------------------|---------------------|-----------------------|--------------|
| Flash Point: | 31°C (SETA) | Boiling Point: | 120°C |
| Odour: | Minimal to no odour | Appearance: | Clear Liquid |
| Solubility in water: | Partial | | |

Safety Information

QTEK Bench Clean is a stable solution under normal conditions, and should be stored in sealed containers of suitable materials. This product is neither corrosive nor ozone depleting. Though non-flammable at ambient temperature, it should not be stored or used near open flame or ignition sources. The Material Safety Data Sheet contains further safety information and should be consulted when using this product.

Availability

QTEK Bench Clean is available in tubs of 100 pre-saturated wipes and 500ml spray bottles. 100 wipe refill packs and 5litre containers are also available.
