QTEK Hand Clean

Solvent For Cleaning Hands Quickly and Effectively

Range of Applications

QTEK Hand Clean has been specifically developed to quickly and effectively clean hands after exposure to industrial dirt and grime; QTEK Hand Clean is particularly effective on stains such as glues, solders or greases. QTEK Hand Clean is available as a cleaning chemistry or as an ESD dissipative pre-saturated wipe.

Product Features

- Swift drying leaving no residue
- Non-flammable
- Environmentally friendly with no CFCs or other ozone depleting substances
- Available and applicable in fluid form or as a pre-saturated wipe.
- Fortified with a citrus scent for a pleasant and fresh odour.

Chemical Composition

QTEK Hand Clean is an alcohol based solvent, with a citrus scented co-solvent. This product is non-flammable.

Product Features

Flash Point:	None	Boiling Point:	>100°C
Odour:	Mild Citrus	Appearance:	Colourless Liquid
Vapour Pressure:	Not Determined		

Safety Information

QTEK Hand Clean should be stored in sealed containers of suitable materials. This product is neither corrosive nor ozone depleting. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Ingestion can cause nausea, if swallowed, wash out mouth with water and give water to drink. QTEK Hand Clean is non-flammable and does not support combustion, all normal extinguishing media may be used. The Material Safety Data Sheet contains further safety information and should be consulted when using this product.

Availability

QTEK Hand Clean is available in 500ml, or 5litre containers and in tubs containing 100 pre-saturated wipes.
